

3 February 2021

Prof Jamal Belkhadir
Président de la Ligue Marocaine de Lutte contre le Diabète
Président de la Fédération Internationale du Diabète Région MENA

Dear Prof Belkhadir

Re: 10th International Conference on Diabetes and Nutrition, “Diabetes Morocco 2021”, July 1-3

Many thanks indeed for informing me about your most important plans for a conference to be held July 1-3 on the topic of, “The increasing problems that diabetes is causing to Morocco and other countries in your region”. I am also very pleased to see that you are going to be holding this in conjunction with a number of very important organizations such as the IDF Middle East and North Africa region, the African Francophone Diabetes Society, the Diabetes and Asia Study Group and of course a number of other Moroccan societies.

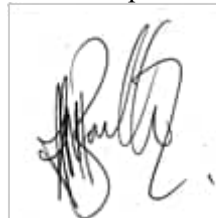

As we all know, the Covid-19 pandemic has brought great uncertainty to many aspects of life but also to an increase in the problems with diabetes. It is therefore vital to have meetings such as yours which will remind all those with an interest in diabetes of the importance not to neglect it at this most difficult time.

Diabetes is causing major medical, social and economic problems especially in the Middle East and North Africa regions. The number of people with diabetes is increasing and it is so vital that we have conferences such as yours not only to provide a reminder of the seriousness of diabetes and its complications, but to provide excellent education to all those looking after people with diabetes.

Naturally I am delighted to learn that you are seeking the Patronage of His Majesty the King of Morocco for this Congress which would of course strengthen the message and importance of the meeting and the fight against diabetes in Morocco and surrounding countries.

In summary I am delighted to support your Conference in any way and would be honored to be Honorary President of the Congress and give lectures as you wish.

With best personal regards.

Andrew JM Boulton, MD, DSc (Hon), FACP, FICP, FRCP
President, International Diabetes Federation.
Chair, EURADIA: Alliance for European Diabetes Research.
Professor of Medicine, University of Manchester and
Visiting Professor, University of Miami, FL.
Consultant Physician, Manchester Royal Infirmary.
Past-President, European Association for the Study of Diabetes
