« Diabetes Morocco 2021 »

Virtual Congress, 1st, 2nd and 3rd July, 2021

Pr Jamal BELKHADIR

President of Moroccan League for the Fight against Diabetes

Chair of International Diabetes Federation MENA Region

Dear friends,

We have the immense pleasure and the great honor to announce that the Moroccan League for the Fight against Diabetes has had the great privilege of benefiting from **the High Patronage of His Majesty the King Mohammed VI** may God assist him, and this for the organization of the 10th International Conference on Diabetes and Nutrition, **Diabetes Morocco 2021**, July 1, 2 and 3, 2021 in virtual mode.

This Royal High Solicitude honors us and testifies to the great interest given by His Majesty the King to health problems and non-communicable diseases including Diabetes.

This event will be organized in collaboration with the various departments of the Ministry of Health, the Ministry of National Education, Vocational Training, Higher Education and Scientific Research, the National Council of the National Order of Physicians, the International Diabetes Federation MENA Region, WHO, CNOPS, ANAM, Diabetology and Nutrition, the Moroccan Society of Nutrition, Health and Environment, the Ibn Tofail University, the Association for the Promotion of Healthy Lifestyle and the AFRA/IAEA Regional Designated Nutrition Center (Ibn University) Tofail - CNESTEN).

Under the honorary chairmanship of Prof. Andrew Boulton, President of the International Diabetes Federation, the Congress program, spread over 3 days, will bring together international (Algeria, Austria, Belgium, Benin, Cameroon, Canada, Egypt, United Arab Emirates, France, Guinea, Lebanon, Mauritania, Pakistan, United Kingdom and Tunisia) and national experts from different backgrounds (academics, public and private) and will allow participants to follow current events in Diabetology and Nutrition.

Also, we would like to reiterate our warm thanks to all those who continue to support the success of the Moroccan League's activities in the fight against Diabetes and Non-Communicable Diseases.

Finally, we are convinced that the year 2021, which began with the success of the anti-COVID vaccination in Morocco and the major structural projects, particularly in the area of health, including that of the generalization of basic medical coverage to all Moroccans, constitute great gains for all patients and diabetics in particular.
