

11th International Conference on Diabetes and Nutrition “**Diabetes Morocco 2022**”

Virtual Congress, June 30 and July 1 and 2, 2022

Pr Jamal BELKHADIR

President of the Moroccan League for the Fight against Diabetes
President of the International Diabetes Federation MENA Region

Dear friends,

We would like to inform you that **the Moroccan League for the Fight against Diabetes** is organizing the 11th International Conference on Diabetes and Nutrition “**Diabetes Morocco 2022**”, on June 30 and July 1 and 2, 2022 in virtual mode.

This event will be organized in collaboration with different

departments of the Ministry of Health, the Ministry of Higher Education, Scientific Research and Innovation, the National Council of the National Order of Physicians, the International Federation of Diabetes MENA Region, WHO, CMAM, ANAM, the Moroccan Society of Endocrinology Diabetology and Nutrition, the Moroccan Society of Nutrition, Health and Environment, the Ibn Tofail University, the "AVIESAINE" Association and the Center Designated Regional Nutrition AFRA/IAEA (University Ibn Tofail – CNESTEN).

Under the honorary presidency of **Prof. Andrew BOULTON, President of the International Diabetes Federation** and the honorary guest **Prof. Claude Jaffiol, Honorary President of the French Academy of Medicine**, the Congress program, spread over 3 days, will bring together Moroccan and international experts from different countries. It will allow participants to follow the news in Diabetology and Nutrition.

Also, we would like to reiterate our sincere thanks to all those who continue to provide their support for the success of the activities of the Moroccan League in the fight against Diabetes and Non-Communicable Diseases. We also take this opportunity to pay a vibrant tribute to the Presidency of Ibn Tofail University, and to the entire teaching and communication team for their precious collaboration.

Finally, we are very happy to note, despite a difficult global context, the efforts made by our country through major structural projects, particularly in the area of health, including **the health system reform and the generalization of basic Health insurance to all Moroccans** for a better access to healthcare for all patients and people with diabetes in particular.
