Prof A. Samad Shera T.I, S.I, FRCP
Honorary President, International Diabetes Federation (IDF)

Professor Jamal Belkhadir

Subject: 7th International Symposium on Diabetes and Nutrition, Diabetes Morocco 2018.

Dear Prof Jamal

I am greatly indebted to you for the honour you have done me by inviting me to the International Symposium on Diabetes and Nutrition to be held in Rabat on July 6-8, 2018.

I am happy to note that the Programme Committee has prepared a very impressive Scientific Programme.

I am sure that the presence of leading Physicians and Diabetologists from Morocco and abroad, including Prof Nam Cho, President International Diabetes Federation (IDF), will make this symposium a memorable event in the history of the Moroccan League.

The academic exchange of experiences with the experts will provide impetus to increase the research efforts at all levels – clinical, laboratory and operational. I am very confident that this symposium will live up to our expectations and would achieve the desired goal of increasing awareness about diabetes and its related issues.

I would like to extend my best wishes to you and your team for a successful symposium and I feel honoured to extend my full support to this Symposium and to the IDF MENA Regional Council Meeting.

Best regards.

Prof A. Samad Shera T.I, S.I, FRCP
