The strong presence and the very active participation of GPS and health professionals allowed lively debates until a late hour of the session.

A great thanks to all the participants for their diligence and their great involvement. Our sincere gratitude also goes to the different teams: all the animators of this training, the Presidency of the University Ibn Tofaïl, the administrative and pedagogical team, the Provincial Medical Delegation of Kenitra, for their precious contribution to the success of these training sessions.

As usual, we count on you and all your teams for the success of the next activities of the League.

Pr Jamal BELKHADIR
